

# WHAT COMES AFTER SCHOOL?

SCHOOL CAREER SESSIONS  
BY AUTHOR CRAIG GODDARD

Craig has employed, worked with and mentored thousands of teenagers in his Subway restaurants.

Over the years, he has seen many issues and concerns repeat themselves, and one of the most common is the anxiety around what comes after school.

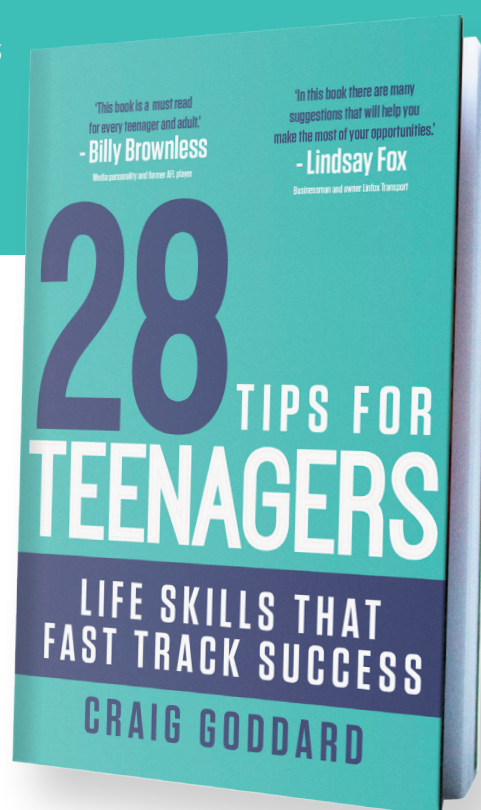

## ISSUES DISCUSSED INCLUDE

- How to consider a range of study and career options
- Come up with a productive plan that suits students' unique situations
- Highlight life skills that will help teenagers excel in any situation
- Reassure students that everyone has the ability to succeed, with real-life examples of other teenagers like them

By sharing the lessons he's learnt from working with generations of teenagers, Craig encourages students not to make rushed or impulsive study and career decisions, but rather to research, seek guidance to get the best outcome.

*'Craig is an inspirational speaker who draws on a wealth of experience to share with teenagers. Craig offers tips for thriving and surviving in school, securing and keeping a first job and discusses pathways to success in careers. I highly recommend him as a speaker.'*  
– Jo Pankridge, Geelong College School Librarian and Literacy Coach

*'Craig is a very engaging public speaker, immediately capturing the attention of students and teachers whilst challenging students to strive to be the best they can be.'*  
– Bronwyn Knight, Assistant Principal Oberon High School
